

Mass Meeting Sept. 1st.
Geo. E. PUGH, Judge THURMAN, and J. W. WHITE will speak at a great mass meeting in New Philadelphia, Sept. 1st. It will be the greatest meeting ever held in Tuscarawas County.

Lieut. Daniel Korns and Lieut. Willis Collier of the 80th Ohio, have been promoted, the first to a Captaincy and the second to the Adjutancy of the regiment. They both deserved promotion long ago.

Daniel Reed, a member of Capt. Dixon's Company, 126th Ohio, died at Annapolis on Sunday. He is the second son of Benjamin Reed, of Fairfield Tp., perished in this war. A third is still in the army.

J. H. Collier, who has been for some time commanding the Tuscarawas company in the 52d Ohio, has resigned and returned to this place to resume the law practice. Captain Collier has been a faithful officer, and was well thought of by his men.

A soldier of the 102d Ohio was in town at the circus last Saturday shooting for Valladolid. When asked how he dared do that, he replied that he enlisted to maintain the laws and uphold free speech, and he and all the soldiers of his regiment would vote for Valladolid and free speech.

It is said Joe Medill, who formerly lived near Bolivar, originated the Secret Knights of the League. He obtained a copy of the grips and oaths used by the Knights of the Golden Circle, and inserted the word "League" in lieu of "Circle." That is all the difference.

The Secret League Convention refused to nominate any Republican who was known to have called Democrats butterheads, copperheads or traitors. That is a lesson to them. The time will come when all such chaps will curse the day they peddled those epithets or joined the League. Let others take heed in time.

Last Friday at Columbus Geo. Neiswander ran up a flag in front of his grocery in Columbus, inscribed "The Union and the Constitution—Vallandigham & Pugh." A crowd of Republican rowdies ordered it down. George told them it should stay there until they killed him at least. The police arrested the rowdies, and George's flag still floats. He is a true German freeman.

John Brough confessed in his Cincinnati speech that he neither voted for Fremont or Buchanan in 1856, nor for Lincoln or Douglas in 1860. Suppose the people had cared as little about the Union as he did, what then? Why instead of a President we would now be under a king—and we are not far from it. A man who would not vote in 1856 and 1860, is not fit to be voted for in 1863.

When the Leaguers adjourned the Republican Convention on Saturday, the delegates "from the country" looked at the nominees in astonishment, and the nominees looked more astonished than the delegates, and the people outside looked more astonished than both.

The fact is, the Republican party of Tuscarawas has been swallowed by the Knights of the League, just as they were some years ago by the leaders of the Know Nothing movement. The same men who controlled the Know Nothing Lodges are now Knights of the League, and manage the party.

Hon. J. W. White has, within the week past, addressed meetings at Bolivar, Ragersville, New Philadelphia and Westchester. At the three last places he had large assemblies, and his speeches did immense service to the cause. Mr. White was accompanied by Maj. Stambaugh, whose speeches this year beat down the enemy like the ride of a cavalry regiment over infantry.

All is going well in old Tuscarawas.

The People Coming.
The champion of liberty in Ohio, Hon. Geo. E. PUGH, is on the war path, talking to meetings of ten, fifteen and twenty thousand untried, enthusiastic Democrats. At Lima, Allen County, he had twenty thousand, and at other points no such outpourings ever were known before. Pugh speaks every day (save Sundays) until election.

Kentucky Election.
The Kentucky election on Monday resulted in the election of Wadsworth, Mallory, Brutus J. Clay, and Green Clay Smith to Congress, and Bramlett Governor.

They are war men, but oppose the Abolition policy of the Administration, oppose the Emancipation Proclamation, and oppose the enlisting of slaves as soldiers.

The draft was to commence in Columbus yesterday.

FOUR 80TH OHIO BOYS DISOWN THE SLANDERING ADDRESS.

We have received the following communication from four soldiers of the 80th Ohio, whose names were to the slandering address issued by Republican officers of the regiment. These soldiers all live in Perry township, and the letter to us says that seven of the Perry boys (which includes these four) have served out their enlistments and came home, and that five out of the seven will support every man on the Democratic State and county ticket, and the other two always were Republicans:

Ma. Editor:—We, the undersigned, find in the papers, on our return from Vicksburg, as members of the 80th Ohio regiment, that our names have been used in uttering a calumny against our fellow citizens of Tuscarawas county, who are Democrats, and we here state that when we signed the address of Philpot, we had no knowledge of it containing any such slanders as it does on our fellow citizens and relations.

We further state that at no time while in the service had we the reading of any newspapers except the Chicago Tribune, Missouri Democrat (Republican) and others of the same kind.

WILLIAM N. DEARTH,
DANIEL F. JOHNSON,
NATHAN S. SWAIN,
FRANCIS R. BERSHIRE.
Aug. 4, 1863.

Extract from a Soldier's Letter.
We take the following extract from a private letter of a Brough soldier, now in a hospital at Memphis, to a friend at home. Of course these stay-at-home Disunion-Leaguers will call him a traitor or:

"If VALLANDIGHAM is elected Governor, and the Administration or a mob says he shall not serve, I will oppose such a DESPOTISM, and with the people, IN THE NAME OF THE CONSTITUTION, WOULD HURL THE USURPERS FROM PLACES THEY DESERVED!"

Certainly our soldier boy does not advocate an illegal banishment of these men from power. Neither did we in our article of week before last, about which the Advocate growled so terribly.

A Father Shot by his Son—The Pernicious Effects of Abolition Lies on the Minds of Soldiers.

The Chicago Journal States that on last Saturday week at Cedar Rapids, Iowa, John Haler, a respectable citizen, was shot dead by his own son, who had just returned from the army. The father was an ardent, loyal Democrat, and had advanced money, clothing, &c., to the son in the army, and did everything in his power to promote the welfare of the boy. But abolition demagogues instilled their poison into the mind of that youth to such an extent that he believed and called every Democrat a copperhead and traitor. Applying the epithet to his father, a quarrel ensued; both got pistols and fired at each other, the father being killed, and the son is left to occupy a murderer's cell in the Penitentiary.

For a year past the Abolition paper of this county has been infusing the same poison into the minds of the Tuscarawas soldiers. Only the day before young Haler became the murderer of his father this abolition paper printed an alleged address from our soldiers in the 80th Ohio, slandering their fathers and friends, and although the editor had reason to know that it contained many forged names, still he inserted it, with a big cannon in front, implying that the boys should shoot their fathers and friends here in Tuscarawas, because they are Democrats, and stand up for free speech.

Water on the Brain.
"The follies of the Administration have made it many enemies, who will work until they hurl it from power" is language used by us, which the Advocate interprets to its readers as meaning that we are in favor of overthrowing the party in power by violence. "Hurling from power" is a phrase used long before the rebellion commenced, and may be found in the Advocate of "long ago," and applied to the Democratic party, but no one ever thought of giving it the present editor's interpretation. He does injustice to his readers or himself by it, for they are forced to believe either that he has water on the brain, or thinks they have, else he would not be printing such silliness for them to read.

Squire McCullough, who was defeated by the Knights for Sheriff, worked fifteen years for the party, and lost the majority in Union from 40 to 134. Squire Fackler, of York, labored fifteen years, and run the party from 15 majority to 75 minority last fall.

The Knights preferred the latter for Sheriff!

God, not Tod, Did It.
An exchange says that it was high water in the Ohio which prevented Morgan from escaping, and that but for the rise he would have eluded all the military efforts. So then it is God and not Tod who caught Morgan.

Philip Donahue & Free Speech.
One year ago the above named gentleman was ordered to leave Cadiz by the mobites, and his life threatened, for upholding free speech. He is now nominated by Belmont and Harrison for State Senator, and will be elected by 1,000 majority. Philip is a Democratic brick, and is not 30 years old yet.

The Cleveland Plain Dealer—Vallandigham and the War.

This paper two years ago supported the Tod ticket. It now has the name of Vallandigham and all the Democratic State ticket dying at the mast head. But it is bound not to let the stay-at-home Republicans steal all the thunder of urging other people to go to war.—Read what it says on the 1st day of August:

OUR COUNTRY NOW AND FOREVER!
Over the entire land, in every State and Territory passed before or united since the war, the flag of the nation, the "Star Spangled Banner," must and shall wave ere we will cry "hold, enough!" The Southern rebellion, gigantic as it has been, powerful as it may yet be (though we can't see it in this light), must be completely and entirely crushed ere our armies can be withdrawn or propositions of peace entertained. The struggle we are now engaged in is one of life or death to liberty. None but the craven hearted would wish it decided till Freedom has forever triumphed and despotism in every form and shape utterly and hopelessly crushed.

Let our gallant armies advance once more and strike. A little while longer only and the miserable shell of a Southern Confederacy will crumble and fly away, to be known only as "the baseless fabric of a dream."

The hour, the day, and the age is that of human freedom, of liberty, equality, justice and humanity. Perish millions, but let the land of Washington, and the home of Jefferson and Douglas, be preserved for those who to-day are the young and innocent scions of the free future!

Forward, Men! Push on the column, Rosecrans! Advance, Grant! Rally, Banks! "Once more to the breach," Gilmore! and all will yet be well!

"For Freedom's battle once begun—
Brought forth by bleeding life to sun—
Though often lost, is ever won!"

Maj. Stambaugh at Marion.
The Marion Democratic Mirror gives the following notice of Maj. STAMBAUGH's speech at the late mass meeting at that place:

Mr. Johnston was followed by Maj. D. W. STAMBAUGH of New Philadelphia, who came to fill the appointment of Judge Thurman, that gentleman not being able to be present. Mr. Stambaugh is one of the best orators in the State. He spoke for an hour in his happiest strain and closed amid the regrets of his audience who persistently cried him to go on. The lateness of the hour and the fact that he was to address the meeting in the evening, precluded him from speaking longer.

Mr. Stambaugh had a splendid audience in the evening, and right nobly did he entertain them. His history of parties was succinct and his denunciation of the Administration for the Emancipation Proclamation and arrest of Vallandigham was scathing.

A VERY FREE COUNTRY!—One Judge Warren, of Cincinnati, recently filed a Democrat of that city \$15 for harrumphing for Vallandigham. In Dayton, the pro-vost guard stoned an omnibus full of ladies because they shouted for Vallandigham. This is a very free country, when a man is fined for harrumphing for his candidate for Governor. Judge Warren should attend some of the Mass Meetings of the Democracy of this State, and fine them! If he could fine all who hooza for Val, he could increase the revenues of the State sufficient to pay a small portion of the profits made by the swindling contractors of the city of Cincinnati.

GEN. BURNSIDE, with an abundance of troops, allowed John Morgan and his 5,000 cavalry to slip through his fingers in Kentucky, and enter the "copperhead" territory of Southern Indiana and Ohio, which the General has been dragging as a punishment for their political opinions, to the gross neglect of his legitimate duties. The copperheads turned out fifty thousand strong, and did their oppressors work for him, capturing the bold raider and his army almost to a man. We should think Burnside would blush to the top of his calumny.

New Mexican Sheep.
A project is on foot for the importation into Kansas of a large supply of the coarse woolled sheep of New Mexico. This experiment has been tried by the Californians, and proved successful. Remarkable upon the project, the Leavenworth Bulletin says, "there are thousands of head of sheep in Mexico that are not sheared half the time. The wool brought from New Mexico is of a coarse kind, but the demand for it is better than it has been for many years. The sheep are large and strong, and if crossed with finer breeds, will grow a good quality of wool; and be more profitable than the common sheep."

Soldiers Remember
That John Brough admitted last week in his Cincinnati speech that his Railroad refused to carry sick and wounded soldiers home at half fare. At the same time he claims credit for carrying sanitary goods free. So did other roads, as well as sick soldiers.

The Abolitionists boast that Brough was once a Democrat. Now, if the fact that a man was a Democrat is sufficient reason to vote for him, is not the fact that he is still a Democrat a better one?

On the 16th ult., a son of Wm. Fairless received an injury in his right side by the tooth of a revolving rake penetrating to the liver, mangle his side considerably. Dr. Otis was called to treat the case, with the council of Dr. Smith, Sr. The boy was entirely recovered from his wound. Mr. Fairless is of the opinion that America is not without its surgeons as well as England.

Honor to the Heroic Dead.

Gov. Curtin, of Pennsylvania, has conceived the felicitous idea of buying some ten or twenty acres of the glorious battle-field of Gettysburg, as a Cemetery for the brave men who laid down their lives in that beautiful valley that their country might live.

The New York Herald very judiciously suggests that a special division of the field be assigned to the soldiers of each State, connected with the army of the Union, and a national obelisk or Cemetery Hill, with the name engraved upon it, of every regiment, and with a book inside, containing the name, State, regiment and company of every soldier engaged in those three days battles, and in the outside incidental operations.—*Plaindealer.*

Among the drafted in Philadelphia, City, on Friday, were two sons of Gen. Meade.

Among the chief mourners at the funeral of the great Crittenden were Major-General Thomas L., Colonel Robert H., and Eugene W. Crittenden, the only surviving sons of our country's honored statesman.

The Wilmington (N. C.) Journal, of the 21st, states positively that there is an organized movement on foot in North Carolina to control the Congressional election in all the Districts, for the purpose of reconstruction and submission.—*Cleveland Plaindealer.*

The Crops in Indiana
Have been seriously injured by frost and drouth. The drouth is in streaks and spots. Corn on the upland is ruined beyond the hope of resurrection by rains. On moist bottom lands it will still come out. Early potatoes are a failure. Grass and oats are badly damaged. In some sections there won't be a quarter of a crop. The cranberry crop has been nearly destroyed. In short, our sister State of Indiana has been victimized between the extremes of heat and cold and frozen and parched out of its prospects for a good yield of cereals.—*Cleveland Plaindealer.*

Captured Camels.
The three camels captured by General Curtis during his expedition into Arkansas last year, and which were transported to his farm on the banks of the Des Moines, in Iowa, where they have been ever since, were delivered over to the Government authorities in St. Louis on Sunday last.

In his advance from Port Gibson, Gen. Grant captured two immense piles of bacon, each covering an area of 2,500 square feet, and containing, by estimate, 46,000 lbs. each. The rebels had piled it up in the woods, where our boys, when advancing, found it.

The telegraph gives interesting details of the spirited cavalry fight on Saturday, in which our forces under Buford, encountered the horsemen from the Carolinas and Georgia. The fight may be said to have been about an even thing. We drove the enemy, were in return driven, and at last held our position in spite of assaults to force us.

Staves in Maryland.
At a recent sale of negroes in Montgomery county, seven lively, full grown blacks, brought in all, \$126, an average of only \$18 a head. Before the war, the same negroes were worth, at an average, \$1,800 a piece.

Important from North Carolina.
The Raleigh Standard denounces Davis and the war; advises a commission to Washington, independent of Davis—in short disowns the Confederate Government.

To FASTEN HANDLES.—When pitch forks or hoes get loose on the handle, drive them in solid by the side of one or more strips of India rubber; they will stay.

Mr. Joseph Painter, of Pike Township, Stark Co., O., says (Jan., 1861.) "We use Dr. Hazlett's Cough Syrup for Whooping Cough. We never had a better medicine in the house."
Mr. Peter McFadden, of Sparks, O., has for years been afflicted with asthma. He says (June, 1861.) "Dr. Hazlett's Cough Syrup has relieved me more than anything else."

VALUABLE TESTIMONY.—Dr. F. D. McMeel, of Canal Dover, O., celebrated for his talents, learning and experience in the practice of medicine, used Dr. Hazlett's Cough Syrup during the last several winters of his life and spoke highly of the benefit derived from its use.

Do you want to build up your constitution? Do you want to feel well? Do you want to get rid of nervousness? Do you want energy? Do you want to sleep well? Do you want a brisk and vigorous Feeling? If you do, use Hoofland's German Bitters.

From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects: I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from a simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic nature. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to use of them.

Philad'a, June 23, 1861. J. NEWTON BROWN.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in glass bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed. This class of Bitters has caused and will continue to cause, as long as they can be sold, hundreds to die the death of intemperance. By their use the system is kept continually under the influence of Alcoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

For those who desire and will have a Liqueur Bitter, we publish the following receipt:—Get one Bottle of Hoofland's German Bitters and mix with three quarts of good brandy or whiskey, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liqueur Bitters in the market, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liqueur, at a much less price than these inferior preparations will cost you.

ATTENTION SOLDIERS, AND FRIENDS OF SOLDIERS!
We call the attention of all having relations or friends in the army to the fact that "Hoofland's Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. We have no hesitation in stating that, if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the following remarkable and well authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters!"

PHILADELPHIA, August 23d, 1862.
Messrs. Jones & Evans.—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is a round ed for by numbers of my comrades, some of whose names are appended, and who were fully
